How much does the average American spend in gas taxes?

Americans will spend, on average, \$329 each year in gasoline taxes (Assuming 15,000 miles driven per year and the average fuel efficiency of 22.5 mpg).

Americans pay, on average, 49.3 cents of taxes per gallon of gasoline (18.4 cents of federal taxes + 30.9 cents, average state gasoline tax).

In contrast, Americans will spend, on average, \$600 annually for mobile phone service and \$900 annually for digital cable or satellite TV.
